A handwritten signature in black ink, appearing to read "Hesam Nabizadeh".

Hesam Nabizadeh, PE, Chief
Statewide Materials Support Branch
Office of Material Management and Independent Assurance

Successful completion of the Department's Facility Audit indicates that the Facility has adequate resources and a documented process in place that enables it to produce a quality product according to the Department's Specifications and Standard Plans. Modification to the process, materials and procedures documented in the successfully completed audit may result in immediate termination of the fabricator's audit. Fabricators are required to submit and receive approval of amendments to audit documentation prior to implementation of modifications.

This certificate is the property of the California Department of Transportation and may be revoked due to failure to maintain the Department's standards.
For the most current audit status of this facility, please see the Department's website: http://www.dot.ca.gov/hq/esc/Translab/OSM/smdocuments/Internet_auditlisting.pdf
Questions regarding the audit process may be directed to the OMMIA, Statewide Materials Support Branch 5900 Folsom Blvd, Sacramento, CA 95819
